Safeguarding Children

1.7 Use of Children's Photographs/Mobile Phones

Policy statement

It is the policy of Bow Lane Pre-school setting to use digital cameras to take pictures of the children within our care. Mobile phones will not be used in this manner.

Staff are not permitted to use their mobile phones whilst on duty, and if they need to use them in their break time, they must take calls outside of the setting.

The settings mobile phones (this is the mobile number you are given for contact and the registered providers as this is used for work) will only be used to make and receive calls. Staff are aware that when on outings, or in the setting, they must not use their mobile phone to take photos. The setting has an outings mobile phone for pick up and drop offs.

This policy clarifies exactly how we will and will not use photographs of your children.
