

Bow Lane Pre-school

The Safeguarding and Welfare Requirements: Health

The provider must promote the good health of the children, take necessary steps to prevent the spread of infection, and take appropriate action when they are ill.

Promoting health and hygiene

6.3 Food and drink

Policy statement

We regard snack and meal times as an important part of the setting's day. Eating represents a social time for children and adults and helps children to learn about healthy eating. At snack and meal times, we aim to provide nutritious food, which meets the children's individual dietary needs.

EYFS Key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.4 Health and well-being	2.1 Respecting each other 2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.4 The wider context	4.4 Personal, social and emotional development

Procedures

We follow these procedures to promote healthy eating in our setting.

- Before a child starts to attend the setting, we find out from parents their children's dietary needs and preferences, including any allergies. (See the Managing Children with Allergies policy.)
- We record information about each child's dietary needs in her/his registration record and parents sign the record to signify that it is correct.
- We regularly consult with parents to ensure that our records of their children's dietary needs - including any allergies - are up-to-date. Parents sign the up-dated record to signify that it is correct.
- We display current information about individual children's dietary needs so that all staff and volunteers are fully informed about them.

- We implement systems to ensure that children receive only food and drink that is consistent with their dietary needs and preferences as well as their parents' wishes.
- We display the menus of meals/snacks for the information of parents.
- We provide nutritious food for all meals and snacks, avoiding large quantities of saturated fat, sugar and salt and artificial additives, preservatives and colourings.
- We take care not to provide food containing nuts or nut products and are especially vigilant where we have a child who has a known allergy to nuts.
- Through discussion with parents, we obtain information about the dietary rules of the religious groups to which children and their parents belong, and of vegetarians and vegans, and about food allergies. We take account of this information in the provision of food and drinks.
- We require staff to show sensitivity in providing for children's diets and allergies. Staff do not use a child's diet or allergy as a label for the child or make a child feel singled out because of her/his diet or allergy.
- We organise meal and snack times so that they are social occasions in which children and staff participate.
- We use meal and snack times to help children to develop independence through making choices, serving food and drink and feeding themselves.
- We have fresh drinking water constantly available for the children. We inform the children about how to obtain the water and that they can ask for water at any time during the day.
- We inform parents who provide food for their children about the storage facilities available in the setting.
- We give parents who provide food for their children information about suitable containers for food.
- In order to protect children with food allergies, we discourage children from sharing and swapping their food with one another.

Packed lunches

we:

- Ask parents to ensure perishable contents of packed lunches contain an ice pack to keep food cool;
- inform parents of our policy on healthy eating; They are given guidance on this.
- encourage parents to provide sandwiches with a healthy filling, fruit, and milk based deserts such as yoghurt or crème fraîche where we can only provide cold food from home. We discourage sweet drinks and can provide children with water;
- discourage packed lunch contents that consist largely of crisps, processed foods, sweet drinks and sweet products such as cakes or biscuits. We reserve the right to return this food to the parent as a last resort;
- ensure staff sit with children to eat their lunch so that the mealtime is a social occasion.

Legal Framework

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the hygiene of foodstuffs

This policy was adopted at a meeting of	Bow Lane Pre-school	name of setting
Held on	3 rd September 2018	(date)
